RESPONSIBILITY

... in terms of sustainability.

Durability

high-quality materials
& spare parts guarantee

Short transport routes

through own production
in Europe

After-Sales-Service

in-house maintenance
& repair service

Fair production

& working conditions

PRODUCTION

Latvia | Europe

The tents are manufactured in the company's own production facility in Latvia - the advantages are obvious:

- high quality standard
- ISO 9001 certification
- standardized workflows
- qualified specialists
- short delivery times

DEVELOPMENT

Germany

The tents are developed and designed in southern Germany with great attention to detail.

X GLOO THE ORIGINAL!

We developed the inflatable event tent in 2007.

3rd generation
inflatable tents

16 years
on the market

55 countries
represented worldwide
